

The United Graduate School of Agricultural Sciences Iwate University

Research Internship Report Session, 2024

1. Main Purpose:

In the United Graduate School of Agricultural Science, Iwate University (UGAS), “Research internship” is offered as a course subject to acquire abilities through the exchange of opinions and discussions with researchers and faculty members from other institutions. This program is focused on improving the ability of students to search for relevant research issues, to catch creative ideas, to acquire problem-solving skills, ability to express themselves using terminologies.

In the first half of this fiscal year, we sent **two** students to research institutions in **America and China**. To share the results of the training and contribute to the future research internships, we will hold a presentation session by students who have completed their research internship.

2. Date / Time: November 21 (Thursday), 2024, 12:30 p.m.-1:00 p.m. (Japan Time)

The presentation will be held online using WebEx.
